

## Colleen Odegaard

Colleen Odegaard has been a staple of early morning TV in Charlotte for 11 years. That means she's been sleep deprived for 11 years. Colleen wakes up at 2:00am (really!) to anchor the news on Newschannel 36 weekday mornings from 5 to 7. Colleen is also the proud mother of two boys, 7 and 5, one of whom was more than happy to help support Art With Heart by assisting his mother with her painting. Colleen's work as a journalist for 17 years has required her to interview politicians, celebrities and other newsmakers. In all that time, her work has never required her to paint anything...until now. Colleen is truly honored to have been involved with Art With Heart over the years and hopes she'll still be able to help...even after you see her artwork.
